# IN MEMORY OF STEFANO BONTEMPELLI

Milan, July 4th 2024

The NB Renaissance and Neuberger Berman team announce with deep sadness the unexpected and premature death of Stefano Bontempelli, senior partner and co-founder of NB Renaissance. Stefano was affected by a recent illness.

We would like to remember Stefano by his great personal and professional talent, which was greatly appreciated by the NB Renaissance team, his international partners and the business community.

Stefano was a true visionary and a leader, who was always available and ready to take on great personal and professional challenges with enthusiasm. He was a very generous person who leaves a deep sense of loss in our community.

The NB Renaissance team, with the support of Neuberger Berman, will continue Stefano's legacy with even greater determination.

Sincerely,

The Renaissance Team
